

**Anahim Lake Resort** lies on the eastern slope of the coastal mountain region, within the wilderness frontier of beautiful British Columbia.

**Getting to Anahim Lake** is no problem. By automobile you can reach us in a leisurely twelve to fourteen hours, via Seattle-Vancouver border crossings to Williams Lake, and then west to Anahim Lake.

**Private Planes . .** Wheel planes can use the 4500 ft. paved airstrip at Anahim Lake. Float planes can land right at the resort dock. We offer direct air service from Vancouver, B.C. via Pacific Coastal Airlines.

Discount fares are available when booked through the resort. Free airport pick-up service is available.

*Lakeshore camping & RV sites with panoramic views.*

### ***Rustic Simplicity!***

The resort encompasses cozy lakeshore cabins, running water, electricity, wood and propane stoves, central shower & flush toilet, RV & lakeshore campsites, panoramic views, and renowned "**wild trout**" fishing. We also offer trail riding, flight seeing, fly in fishing, hiking, and fish smoking. We have a **Licensed Lounge** for rainy days or evening fun! We are a fisherman's paradise.

### ***What to Pack***

Even in summer, daytime temperatures throughout the area are generally warm, and cool conditions are experienced at night and in the early morning. Casual clothing is the order of the day and night. To make the most of a visit to our area, binoculars, cameras, and fishing gear are essential.

Diversity is the keyword to your Anahim Lake visit. Anahim Lake is a land of dramatic contrasts with many variations in landscape. There are not any large modern cities within two hundred miles of us. Only spreading timbered wilderness dotted with cattle ranches and trout filled streams and lakes. The country hospitality will make you feel right at home... ■
